Cullen Funds North American High Dividend Value Equity Fund USD Accumulating Retail Share Class A2 / IE00B4Z7BN36 / A...

Investmentstrategie

In selecting which of such Companies' shares to purchase, the product will generally use the following criteria: (i) the total value of the Company's listed shares exceeds US\$3 billion, (ii) relative to share price, dividend yield on the Company's shares is greater than the average dividend yield on shares comprising the S&P 500 Index (which is an index of 500 shares intended to be a representative sample of leading companies in leading industries within the U.S. economy), (iii) the Company's price/earnings ratio is below the average price/earnings ratio on shares comprising the S&P 500 Index (a price/earnings ratio is a valuation ratio of a company's current share price compared to its per-share earnings and essentially shows how much one needs to pay per dollar of earnings - if a company were trading at a price/earnings ratio of 20, the interpretation is that an investor is willing to pay \$20 for \$1 of current earnings), and (iv) based on the Company's historical dividend growth and overall well-being, there is strong potential for higher dividends (i.e. an increase in the actual dollar amount of the dividend irrespective of the dividend yield).In selecting which of such Companies' shares to purchase, the product will generally use the following criteria: (i) the total value of the Company's listed shares exceeds US\$3 billion, (ii) relative to share price, dividend yield on the Company's shares is greater than the average dividend yield on shares comprising the S&P 500 Index (which is an index of 500 shares intended to be a representative sample of leading companies in...
